**TEACHING
& LEARNING**

It's a culture, not a service

Where did this come from?

Tell us the story

Once upon a time... there was a boy

I wish we could
exchange knowledge

What about a
Teaching and Learning
Center?

He was confused

Events

Equipment

Funding

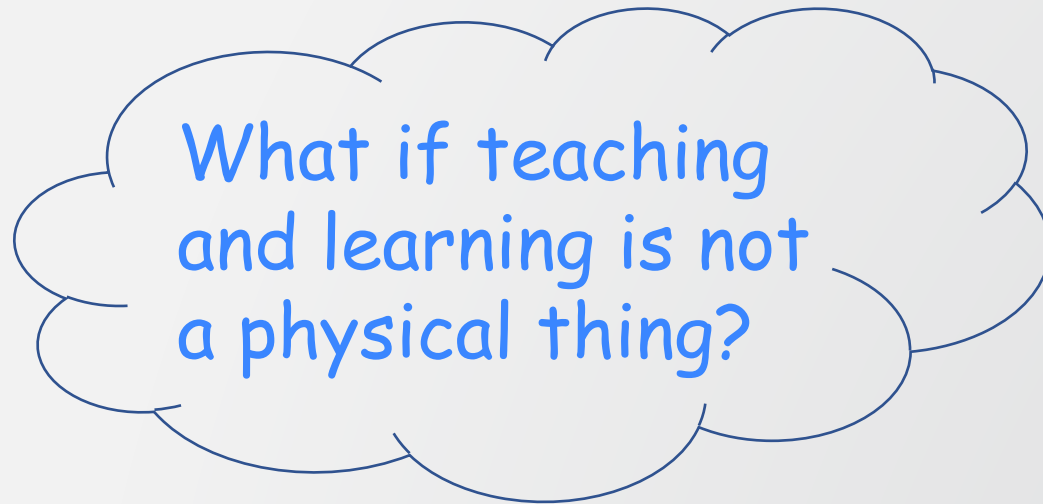

Organization

Personnel

Everything seemed complicated

Then one day the boy had an idea

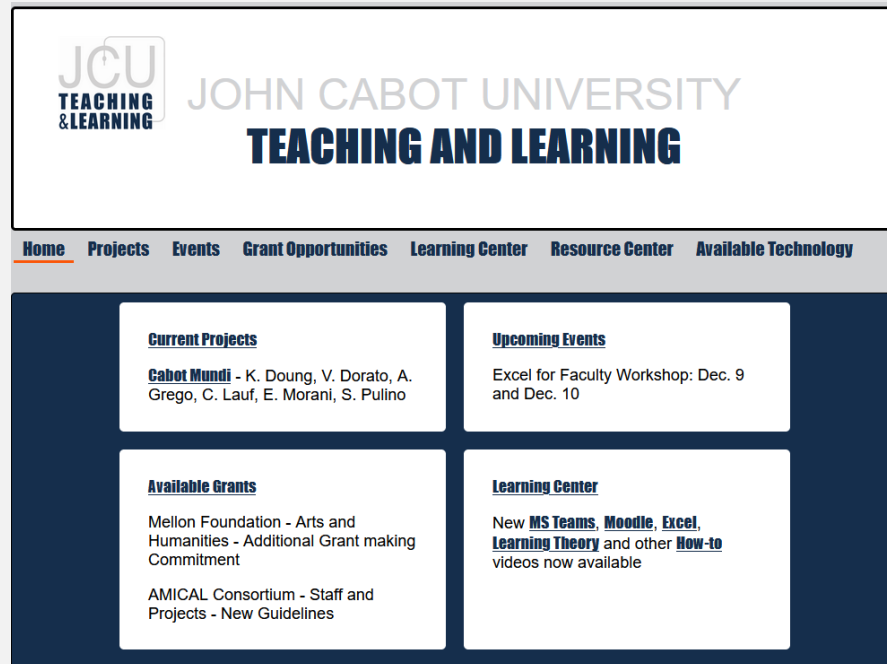

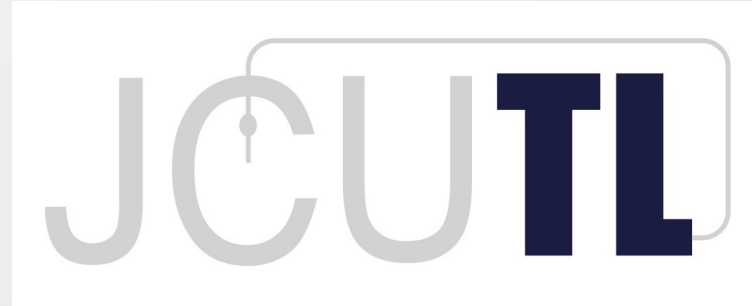

Well then... What is **teaching and learning?**

Success

- The creation of a logo
- Organization of some events
- Preliminary website

Challenges

- Getting people involved
- Getting people to understand the mission
- Marketing the idea

Discussion

- Is this idea feasible?
- Is a physical center eventually necessary?
- What would be the next steps?
